Transaction services

If you do not require advice from us, but you would like us to help you complete a particular transaction, we can also arrange for you to apply for the kinds of products referred to in Part B. In these cases, we can take your instructions and arrange for the transaction to be completed without providing you with personal advice.

It is important to understand that in these circumstances we will generally ask you to confirm your instructions in writing and to sign a letter that acknowledges you have declined our offer of advice as well as understand the risks of a transaction service. You will be provided with a copy of the letter for your own records.

Documents you may receive

Our initial advice will be provided to you in a financial plan, known as a Statement of Advice (SoA). The financial plan contains a summary of your goals and the strategies and financial products we will recommend to achieve your goals. It also provides you with detailed information about the fees, costs and other benefits we will receive as a result of the advice we have provided.

If at times we provide further advice to that stated in your financial plan we will keep a record of that advice for seven years. You may request a copy for your records by contacting our office.

If we recommend or arrange a financial product for you, we will make available a product disclosure statement (PDS) or investor directed portfolio service (IDPS) guide where relevant. These documents contain the key features of the recommended product, such as its benefits and risks as well as the costs you will pay the product provider to professionally manage your investment or insurance.

You should read any warnings contained in your financial plan, the PDS or IDPS guide carefully before making any decision relating to a financial strategy or product.

Financial Services Guide

What are our costs?

The fees charged for our advice services may be based on a combination of:

- A set dollar amount that is agreed for Strategy Advice; or
- An implementation fee for Investment Advice which may be a percentage based on the amount you invest.
- An Hourly rate for other advice requirements.

Investment advice fees:

Initial Advice Fees

The initial advice fee covers the cost of researching and preparing your financial plan and is based on a set dollar amount. Before providing you with initial advice we will prepare a Letter of Engagement or Initial Advice Agreement. This document is an agreement that sets out what our initial advice will cover and how much it will cost you. In addition, the initial advice fee will be disclosed in your financial plan.

Entity Establishment Fee (if required)

Self-Managed Super Fund including Corporate Trustee \$2,500 plus GST
 Family Trust \$2,500 plus GST

Ongoing Advice Fee

The ongoing advice fee covers the cost to review the strategies and the products recommended in your SoA. An ongoing review helps you take advantage of opportunities as they become available. The ongoing advice fee is calculated as either a set dollar amount or a percentage of your investments.

Set dollar fee arrangement -

Depending on the services you require and your circumstances our minimum ongoing set fee is \$4,000 plus GST per annum.

Percentage fee arrangement -

Our minimum ongoing percentage fee is 1% plus GST per annum *i.e. An Ongoing Advice Fee of 1% on \$100,000, IA Advice would receive \$1,000 per annum.*

Ongoing advice fees may increase each year in line with the Consumer Price Index (CPI) or by a fixed amount or fixed percentage each year. We will advise you if this fee will increase as a result of CPI.

Before providing you with ongoing advice Treysta Wealth Management will prepare an Ongoing Service Agreement. This agreement sets out our ongoing advice offer, which includes the advice and services we will provide, as well as the frequency these will be delivered, how much it will cost, your payment method and how the service can be terminated. In addition, the ongoing advice fee will be disclosed in your financial plan.

If you elect to pay either your initial advice fee or ongoing advice fee via credit card a 1.9% surcharge applies across AMEX, Visa or Mastercard.

Performance Fee (if applicable)

A Performance Fee of 22.00% of any net outperformance of the relevant program's benchmark will be calculated and applied to your account on a quarterly basis. These percentages and benchmarks once agreed upon will be outlined within your SoA. Should the performance of your portfolio not reach the agreed benchmark, this shortfall will be recovered prior to any performance fees being payable in subsequent periods.

An example of how this fee is calculated is shown in the example below:

Assumed RBA Cash Rate is 5%	Number 3	Number 4	Number 5
Performance benchmark	Cash + 1.5% (6.5%)	Cash + 3% (8%)	Cash + 5% (10%)
Average capital invested	\$100,000	\$100,000	\$100,000
Benchmark return	\$6,500	\$8,000	\$10,000

Financial Services Guide

	8%	10%	12%
Assumed net portfolio performance	\$8,000	\$10,000	\$12,000
	1.5%	3%	3%
Excess performance	\$1,500	\$2,000	\$2,000
	22%	22%	22%
Performance fee	\$330	\$440	\$440

Performance is calculated net of all ongoing fees, including management fees and brokerage charges.

In addition, we may receive commissions from life insurance companies as detailed below

The issuers of life insurance products pay IA Advice an initial commission. This commission, which can vary depending on the product and insurance company, is in a range of between 0% and 125% of your first year's premium.

In 2010, the United States enacted a law (the HIRE Act) which included provisions commonly referred to as the "Foreign Account Tax Compliance Act" or FATCA. While the final regulations have not yet come into effect, FATCA will require participating non-US financial institutions to report certain information about financial accounts held directly or indirectly by US persons to the US Internal Revenue Service (IRS). To comply with these requirements, these participating financial institutions will be required to:

- undertake certain identification and due diligence procedures with respect to its existing and new account holders;
- report annually to the IRS on US persons who directly or indirectly own financial accounts; and

Generally withhold and pay 30% of US source income to the IRS, as well as gross proceeds from the sale of property that generates US source interest, or dividends made to US account holders failing to provide certain information. Beginning in 2017, withholding may also be required by participating non-US financial institutions on certain other payments of foreign source income. FATCA and potentially any intergovernmental agreement may affect the Responsible Entity and how it uses information you provide to us. Accordingly, when you apply to invest you agree to:

- provide us certain identification and other information that we may need in order for us to comply with our obligations under FATCA including obligations under any agreement with the IRS;
- waive any provision of foreign law that would, absent a waiver, prevent us from complying with our obligations under FATCA including obligations under any agreement with the IRS and acknowledge that, if you fail to provide such a waiver, we may withhold any payments to you;
- acknowledge that if you fail to provide information on a timely basis, you may be subject to a 30% US withholding tax;
- acknowledge that if you fail to comply with such obligations and such failure could result in us being unable to enter into or comply with any agreement with the IRS, we can terminate your investment; and
- acknowledge that you will indemnify us and the other Investors for any losses resulting from your failure to meet your obligations under this provision, including any withholding tax imposed by FATCA as a result of such failure.

Your adviser and IA Advice will continue to take reasonable steps to protect your information from misuse, loss, and unauthorised access, modification or improper disclosure. You can request access to the information your planner or IA Advice holds about you at any time to correct.
